Garia hereby warrants all parts of your new Garia Utility, which was purchased or leased from Garia or an authorized Garia Utility dealer and which is normally operated in the EMEA, subject to the exclusions described below.

1. WARRANTY:

The warranty period begins on the date that the Garia Utility is initially purchased by you from Garia or an authorized Garia Utility dealer. The warranty coverage's and periods are as follows:

Basic Coverage:

- The basic warranty coverage period is 36 months or 6,000 miles, whichever comes first.
- This warranty covers any repairs needed to correct defects in material or workmanship of all parts and components of your new Garia Utility except for those excluded below (or if the part is covered by one of the separate coverage's described below, that specific coverage applies instead of the basic coverage).

FRAME COVERAGE:

- The frame warranty coverage period is 60 months or 12,000 miles, whichever comes first.
- This warranty covers any repairs needed to correct defects in material or workmanship in the frame of your new Garia Utility, except for those excluded below.
- Original Equipment Battery Coverage.
- The original equipment battery warranty coverage period is 36 months or 20,000 ampere hours (as recorded by the on board control unit), whichever comes first. Note: replacement batteries are covered under the Garia Parts & Accessories Limited Warranty.
- This warranty covers any repairs needed to correct defects in material or workmanship of the original equipment battery installed in your Garia Utility, except for those excluded below.

During the warranty periods described above, any authorized Garia Utility dealer or distributor will, free of charge, repair or replace, at Garia's exclusive option, any part determined by Garia to be defective, subject to the restrictions and exclusions contained in this warranty document. If Garia elects to repair or replace a defective part, Garia may at its discretion provide a factory reconditioned part or a new part from an alternate supplier. All parts used in repairs under this warranty will themselves be warranted for the remainder of the applicable warranty period. All parts replaced under this warranty immediately become the property of Garia.

2. GENERAL EXCLUSIONS:

- (f) Damage due to improper storage or transportation. Or
- (g) Acts of nature, wars or terrorism, or other such events that are unrelated to the manufacturing or maintenance of the car.

Additionally, this warranty does not cover the repair of any Garia Utility or any part of a Utility on which the odometer or on board control unit has been altered, or the odometer or on board control unit repaired or replaced, and the actual Utility mileage or ampere hours of the battery cannot be correctly and readily determined.

The authorized Garia Utility dealer or distributor may charge a reasonable administration/registration fee.

Garia makes this warranty in lieu of all other warranties, express or implied.
